The 2018 Annual Conference of CIMAM – International Committee for Museums and Collections of Modern Art (an affiliated organisation of ICOM) will be held in **Stockholm, Sweden, on 2-4 November 2018**. Entitled *The Museum in Transition*, it is hosted jointly by Moderna Museet, Bonniers Konsthall and Magasin III Museum & Foundation for Contemporary Art. Two post-conference tours will be organized to Helsinki, Finland and Oslo, Norway respectively on 5 – 6 November.

Thanks to the support of several foundations and partners, CIMAM is able to offer around **12 grants for conference participants**.

Conference topic: *The Museum in Transition*

In the complex and rapidly changing society of today, art institutions face serious challenges. It is arguably harder than ever before for a museum to remain relevant to its growing constituencies. A **geographically-expanding art world, new technological possibilities and the need to acknowledge diverse publics and perspectives** are key aspects of our contemporary condition to which museums and cultural institutions need to respond.
